Benefits Enrollment/Change Form

Terms and Conditions

By signing this form you agree to abide by the following:

Family Status Changes

Dependents can only be added or deleted mid-year if a family status change occurs which is consistent with the benefits change that is being made. Notify the SSC HR Contact Center of the family status change by completing the required forms **within 30 days** of the event. If you fail to notify the SSC HR Contact Center within 30 days of the event, you must wait until the next Open Enrollment in which you are eligible to participate to make the change. Family status changes include marriage, divorce, the birth or adoption of a child, ineligibility of a dependent, or a change in employment status (for you, your spouse or dependent), such as a leave of absence without salary, a job termination or new job commencement.

To Add a Dependent to Your Current Coverage

In order to add an eligible dependent to your current coverage, you must follow the enrollment rules listed below. To be qualified, your dependent must meet the eligibility requirements listed on the Benefits Office website at benefits.umich.edu/eligibility. The federal Mandatory Insurer Reporting Law (Section 111 of Public Law 110-173) requires group health plans to report to Medicare the Social Security Numbers of adults covered under an insurance plan. To ensure your enrollment and compliance with this new law, please provide this information (not required for children). For more information on the mandatory reporting under this law, please see www.cms.hhs.gov/MandatoryInsRep/.

Marriage

To be covered, your new spouse must be added to your coverage within 30 days of your date of marriage. The effective date of coverage will be retroactive to the date of marriage.

Other Qualified Adult

An other qualified adult must be added to your coverage within 30 days of meeting all of the OQA eligibility criteria as specified on the Benefits Office website at benefits.umich.edu/eligibility. The effective date of coverage will be retroactive to the date of eligibility.

Birth

Your new child must be added within 30 days of the date of birth. The effective date of coverage will be retroactive to the date of birth.

Adoption

Your adopted child must be added to your coverage within 30 days of the adoption or placement for adoption. The HR/Payroll Service Center must verify the date of adoption by reviewing the adoption documentation. For U.S. adoptions, attach the court signed petition for adoption or adoption decree. For international adoptions, attach a copy of the visa or passport page that identifies the date of U.S. entry and a copy of the adoption orders signed by a magistrate or other government official.

Legal Guardianship

When you accept legal guardianship of a child, the child should be added to your coverage within 30 days of the date the petition is signed by the court. A copy of the signed court order must be provided to the HR/Payroll Service Center for review. Coverage becomes effective on the date the court order is effective, or on the date the child moves into your home, whichever is later. You may cover her or him through the end of the year in which the child turns age 18, or until the expiration date stipulated by the court within the Letters of Guardianship, but in no event beyond the end of the month the child reaches age 26.

Principally-Supported Children

If you provide principal support for a relative such as a grandchild or nephew, you may cover her or him through the end of the year in which the child turns age 19. The dependent must be related to you by blood or marriage. You must have supported the dependent for a minimum of six full months. Coverage becomes effective 90 days after the application is received by the HR/Payroll Service Center, which means that the minimum waiting period is nine months. This waiting period does not apply to stepchildren. Attach a copy of the Application for Principally Supported Child and Employee Certification.

Stepchildren

Stepchildren can be added to your coverage within 30 days of the date of marriage and covered through the end of the month in which they turn age 26. Coverage becomes effective on the date of your marriage.

Children of an Other Qualified Adult

Children of your other qualified adult (OQA) can be added to your coverage within 30 days of the date the OQA meets all of the OQA eligibility requirements. Coverage becomes effective on the date all of the OQA eligibility requirements are met and continues through the end of the month in which the child turns age 26.

To Delete a Dependent from Your Current Coverage

Death of a Dependent

Provide the date of death of the dependent on this form.

Job Commencement, Job Change or Open Enrollment of Dependent with Benefit Eligibility

If your dependent becomes eligible for benefits through their employer or has Open Enrollment, you may remove them from your benefits. Ineligible dependents must be removed within 30 days of the coverage effective date under the other plan. You may remove your dependent only from those benefits in which they actually newly enroll (i.e., you may not remove your dependent from your dental coverage if the dependent newly enrolls in medical coverage only). Coverage will be canceled the first of the month following the month in which your dependent is newly eligible for their own coverage.

Important Notice

You cannot cover under your University of Michigan benefits plans:

- (1) Anyone who has his or her own coverage through the university;
- (2) Any eligible dependents who are already covered by another employee of the university, unless you are court-ordered to provide such coverage;
- (3) Anyone who is not your legal spouse or eligible dependent;
- (4) Yourself if you are covered by another university of Michigan employee in the same plan.

When you sign this change form, you confirm that you understand and agree that claiming such coverage is misconduct, and you agree to reimburse the university for any additional costs incurred as a result of that misconduct.

Requested Documentation

The university reserves the right to require proof of dependency upon request. When you sign this form, you agree to provide such documentation upon request.

Changes in Deduction Amounts

Any changes in your deduction amount due to a change in benefits enrollments resulting from a status change will be deducted from your paycheck. Deductions are retroactive to the event date if the event date is the first of the month. If the event date is after the first of the month, deductions begin on the first full pay period after the event date.

Release of Information

The SSC HR Contact Center will not release any information about you except:

- (1) when you request it in writing, or
- (2) when the release is necessary to process or review a claim (for example, to another insurance company).

If requested to do so, the SSC HR Contact Center will notify you of the information released and to whom.

Authorization

You authorize any doctor, hospital or other provider rendering service to you or your dependents to furnish to the plan you have selected on this application any information requested concerning medical information, claims and other insurance payments.
