The Financial Health Network’s
FinHealth Score® Toolkit
The FinHealth Score® Toolkit is a simple, easy-to-use resource that will provide you with a snapshot of the financial health of your customers or employees.

The score is based on eight survey questions that align with the eight indicators of financial health. For every individual who responds to the survey, you can calculate one FinHealth Score® and four sub-scores (Spend, Save, Borrow, and Plan).

Visit finhealthnetwork.org/score for frequently asked questions about the toolkit and to learn how we developed it.

**USING THE TOOLKIT**

The toolkit has three primary components:

1. **Pose the questions in the SURVEY GUIDE to your customers or employees.**
2. **Use the SCORING LOGIC to calculate one FinHealth Score® and four sub-scores for every individual who responds to the eight core survey questions.**
3. **Aggregate and weight your results to assess financial health at the enterprise, line of business, or segment level.**
4. **Compare your scores to national or regional BENCHMARKS to understand how your customers or employees compare with their peers.**
5. **Append additional data (account data, product usage, channel engagement, etc.) to explore deeper financial health trends at your organization.**
6. **Use these insights to develop high-quality products, programs, and solutions to improve your customers’ or employees’ financial health.**
SURVEY GUIDE

Pose these questions to your customers or employees to assess their financial health.

The Survey Guide includes eight survey questions that align with the Financial Health Network’s eight indicators of financial health.

For every individual who responds to the eight core questions, you can calculate one FinHealth Score® and four sub-scores (Spend, Save, Borrow, and Plan). The Survey Guide also offers three optional questions for benchmarking and analytical purposes, which are not necessary to calculate financial health scores.

Financial Health Indicators

**SPEND**

1. Spend less than income
2. Pay bills on time

**SAVE**

3. Have sufficient liquid savings
4. Have sufficient long-term savings

**BORROW**

5. Have manageable debt
6. Have a prime credit score

**PLAN**

7. Have appropriate insurance
8. Plan ahead financially
Which of the following statements best describes how your household’s total spending compared to total income over the last 12 months?

- Spending was much less than income
- Spending was a little less than income
- Spending was about equal to income
- Spending was a little more than income
- Spending was much more than income

Which of the following statements best describes how your household has paid its bills over the last 12 months?

My household has been financially able to:

- Pay all our bills on time
- Pay nearly all our bills on time
- Pay most of our bills on time
- Pay some of our bills on time
- Pay very few of our bills on time

At your current level of spending, how long could you and your household afford to cover expenses, if you had to live on only the money you have readily available, without withdrawing money from retirement accounts or borrowing?

- 6 months or more
- 3-5 months
- 1-2 months
- 1-3 weeks
- Less than 1 week

Thinking about your household’s longer-term financial goals, such as saving for a vacation, starting a business, buying or paying off a home, saving up for education, putting money away for retirement, or making retirement funds last...

How confident are you that your household is currently doing what is needed to meet your longer-term goals?

- Very confident
- Moderately confident
- Somewhat confident
- Slightly confident
- Not at all confident

In this survey, we will ask you a few questions about your household.

- “Household” includes you and others living with you who contribute financially to your home.
- If you live alone, or do not consider anyone else to be a member of your household, please answer these questions as an individual.

SURVEY GUIDE
Thinking about all of your household’s current debts, including mortgages, bank loans, student loans, money owed to people, medical debt, past-due bills, and credit card balances that are carried over from prior months...

**As of today, which of the following statements describes how manageable your household debt is?**

> Do not have any debt
> Have a manageable amount of debt
> Have a bit more debt than is manageable
> Have far more debt than is manageable

**How would you rate your credit score?**

Your credit score is a number that tells lenders how risky or safe you are as a borrower.

> Excellent
> Very good
> Good
> Fair
> Poor
> I don’t know

Thinking about all of the types of insurance you and others in your household currently might have, including health insurance, vehicle insurance, home or rental insurance, life insurance, and disability insurance...

**How confident are you that those insurance policies will provide enough support in case of an emergency?**

> Very confident
> Moderately confident
> Somewhat confident
> Slightly confident
> Not at all confident
> No one in my household has any insurance

To what extent do you agree or disagree with the following statement:

“My household plans ahead financially.”

> Agree strongly
> Agree somewhat
> Neither agree nor disagree
> Disagree somewhat
> Disagree strongly

What is your age?

What is your approximate annual household income?

> Less than $30,000
> $30,000 - $59,999
> $60,000 - $99,999
> $100,000 or more

What else would you like to tell us about your financial health?
SCORING LOGIC

Use this Scoring Logic to calculate a FinHealth Score® and four sub-scores for each person who responds to the questions in the Survey Guide.

Assigning Point Values

Use these tables to assign point values to every response you receive from each person who completes the survey.

Spend

Which of the following statements best describes how your household's total spending compared to total income, over the last 12 months?

100  Spending was much less than income  
75   Spending was a little less than income  
50   Spending was about equal to income  
25   Spending was a little more than income  
0    Spending was much more than income

Which of the following statements best describes how your household has paid its bills over the last 12 months?

My household has been financially able to:

100  Pay all of our bills on time  
60   Pay nearly all of our bills on time  
40   Pay most of our bills on time  
20   Pay some of our bills on time  
0    Pay very few of our bills on time

Save

At your current level of spending, how long could you and your household afford to cover expenses, if you had to live on only the money you have readily available, without withdrawing money from retirement accounts or borrowing?

100  6 months or more  
75   3-5 months  
50   1-2 months  
25   1-3 weeks  
0    Less than 1 week

Thinking about your household's longer-term financial goals, such as saving for a vacation, starting a business, buying or paying off a home, saving up for education, putting money away for retirement, or making retirement funds last...

How confident are you that your household is currently doing what is needed to meet your longer-term goals?

100  Very confident  
75   Moderately confident  
50   Somewhat confident  
25   Slightly confident  
0    Not at all confident
BORROW

Thinking about all of your household’s current debts, including mortgages, bank loans, student loans, money owed to people, medical debt, past-due bills, and credit card balances that are carried over from prior months...

As of today, which of the following statements describes how manageable your household debt is?

- 100  Do not have any debt
- 85   Have a manageable amount of debt
- 40   Have a bit more debt than is manageable
- 0    Have far more debt than is manageable

How would you rate your credit score?

Your credit score is a number that tells lenders how risky or safe you are as a borrower.

- 100  Excellent
- 80   Very good
- 60   Good
- 40   Fair
- 0    Poor
- 0    I don’t know

PLAN

Thinking about all of the types of insurance you and others in your household currently might have, including health insurance, vehicle insurance, home or rental insurance, life insurance, and disability insurance...

How confident are you that those insurance policies will provide enough support in case of an emergency?

- 100  Very confident
- 75   Moderately confident
- 50   Somewhat confident
- 25   Slightly confident
- 10   Not at all confident
- 0    No one in my household has any insurance

To what extent do you agree or disagree with the following statement:

“My household plans ahead financially.”

- 100  Agree strongly
- 65   Agree somewhat
- 35   Neither agree nor disagree
- 15   Disagree somewhat
- 0    Disagree strongly
CALCULATING SCORES

Use these equations to calculate FinHealth Scores® and sub-scores.

Interpreting Scores

Use this key to interpret FinHealth Scores® and sub-scores.

Financially Vulnerable

Financial health scores between 0 - 39 are considered Financially Vulnerable. Individuals with scores in this range report healthy outcomes across few, or none, of the eight financial health indicators.

Financially Coping

Financial health scores between 40 - 79 are considered Financially Coping. Individuals with scores in this range report healthy outcomes across some, but not all, of the eight financial health indicators.

Financially Healthy

Financial health scores between 80 - 100 are considered Financially Healthy. Individuals with scores in this range report healthy outcomes across all eight financial health indicators.
COMPARE the financial health score of each person with the national and regional figures below. Use insights from this analysis to understand where your customers and employees are thriving, where they are struggling, and how you can make a difference in their financial lives.
