

PROMOTE CAREER GROWTH

Our team's primary theme this year was Mentorship. Not just the value of finding a mentor, but on getting the most out of being a mentee. We were able to share inspirational and captivating employee experiences.

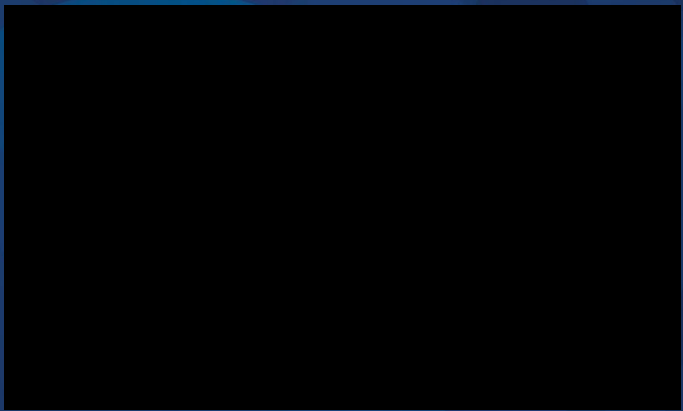

Collaborative Project

Part of the Promote Career Growth team collaborated with EEE on a project also focusing on Mentorship.

There will be more on that in another presentation.

Career Conversations: The Mentorship Experience

~ Panel events focused on **Mentoring and Being a Mentee**

~ 8 panelists representing IT, Facilities, Education, & MedSci

~ Attendees from the full range of U-M communities: current staff, alumni, Medicine, Dearborn, Flint, & Ann Arbor

~ Engaged Q & A
